Best Practice 2

Best Practice 2: We the First Scheme:

- **Title of the Practice:** We the First Scheme
- **Objectives of the Practice:** The purpose behind initiating the practice is to involve the students, teachers and employees of the college for a social cause in a heavily flood-affected district like Dhemaji. Apart from this the College also helps those needy people during COVID-19 and attempt to reach out to the suffers first.
- **The Context:** The Dhemaji district of Assam is one of the worst floods affected district of Assam. Every year floods wreak havoc in the entire district and in such hour of need the Silapathar College attempts to reach to the needy with dedicated human resource and basic necessities.
- **The Practice:** Silapathar College identifies areas that are badly affected by floods and carries out relief operations in those areas. Apart from this the College also helps the needy people during the COVID-19. The fund required for the purpose is collected by means of donation from the teachers and non-teaching staff of the College. The NSS and other students of the College involve themselves as volunteers for this noble cause.
- **Evidence of Success:** A number of essential items such as foods, clothes and medicines were distributed among the needy families by the college authority and faculty of the College. Moreover, faculty members donated one day salary to Assam Arogya Nidhi in order to assist collective fight against the pandemic. The aforementioned generous venture demonstrates evidence of success of best practice. The table below shows the number of people/families who received flood relief materials from the college.

Sl No.	Year	No. of people
1	2017	95 people
2	2022	51 people

The effect of flood in 2017 was more severe, hence number of people getting the flood aid is more.

There was no major flood havoc during the period 2018-2021, so the College couldn't identify the flood affected area.

- **Problems encountered and resource required:** No major problem has been encountered while conducting the relief operations involving distribution of food, clothes, other than the lack of adequate medical support at the time of necessity. Further, the college feels that the funds gathered through donation are not sufficient at all times to meet the expenses while carrying out relief operation.
